

Government	Percentage
Current government	75%
Previous government	25%

[illegible]

A horizontal bar chart titled 'Volume 2020' on the y-axis and 'Account name' on the x-axis. The chart shows the volume for various accounts. The first account has a very high volume, represented by a long light blue bar. The second account has a high volume, represented by a dark teal bar. The third account has a medium volume, represented by a black bar. The remaining accounts have much lower volumes, represented by short bars in various colors (teal, black, light blue). A tooltip labeled '1 null' is visible over one of the bars, indicating a missing value.
